

One Parent Family Policy

An affordable way to protect
your loved ones

DELTA LIFE INSURANCE COMPANY

Are you prepared for _____?

If something happened to you tomorrow, do you know how your family would pay immediate bills and expenses? If not, you may want to consider purchasing Whole Life Insurance coverage.

It can be especially difficult on loved ones to lose parents or grandparents who take care of the family by themselves.

Valuable death benefits

In the event of your death, the policy would pay a cash death benefit to your children. The policy is completely paid for by age 65. It also provides extra benefits for special circumstances:

- ▶ **Accidental Death:** death benefit amount doubles if you die in an accident (benefit terminates at age 70)
- ▶ **Loss of Eyesight or Limbs:** additional benefits will be paid directly to you if you lose eyesight in both eyes or you lose limbs (ask your agent for details). Your policy premiums will be waived and your benefits will continue (terminates at age 70)
- ▶ **Common Carrier Accidental Death:** if you die in an accident while you're a fare paying passenger on a ship, commercial airplane, or ground transportation, or if you're on a public school bus on an official trip, the policy will pay 3x its original face amount (terminates at age 70)

Other flexible benefits

- ▶ Child Term Rider can be converted to Whole Life insurance 30 days before or after each child's 22nd birthday
- ▶ An unlimited number of children can be added to the policy, and it covers future children within 15 days of birth – all at no additional premium
- ▶ Each child may buy 5x the amount of insurance between the ages of 18 and 22, with no health restrictions

You can't put a price on peace of mind. Delta Life's One Parent Family Policy can help your family in their time of need.

In 2012, 28% of children lived with only one parent, and 4% lived with neither of their parents. The majority of children who live with neither of their parents are living with grandparents or other relatives.
